

Warrior Golf Club Members,

Warrior Golf Club will be changing to a new membership format January 1st, 2010. On that date all Gold & Platinum members will become Diamond members and all new members after that date will be Pearl members for the first 2 years. Their monthly rates will be higher than Diamond members. After 2 years they will become Diamond members.

To make the membership structure fair to all members the rates will be tied to the age of the family member. While the membership rates will not please everyone we feel that it will make the rates fair to all our members. We have also added a rate for a brother or sister.

Please email or call Pro Shop with birthdates of children
