

Each year, the brothers of Pi Kappa Phi at Lenoir-Rhyne team up with Push America to raise funds and awareness for those with disabilities.

The brothers of Pi Kappa Phi have raised over \$19,000 in the past four years combined for Push America and People with disabilities. We are committed to serving people with disabilities in our community, and this golf tournament is our largest fundraiser of the year for Push America and people with disabilities. We have set our fundraising goal this year at raising over \$10,000 for people with disabilities and we hope you will join us for this great event.

Push America, a non profit organization serving people with disabilities, is the national philanthropy of Pi Kappa Phi Fraternity. The Mission of Push America is to provide service, promote volunteerism, and foster education and awareness on behalf of persons with disabilities nationwide. Pi Kappa Phi chapters all across the country are becoming more involved in their communities through volunteer relationships with local organizations that support people with disabilities. There is nothing greater than personal interaction to develop a deeper understanding of people with disabilities. Student members of Pi Kappa Phi reach out to people of all ages through Push America's educational, awareness, and volunteer programs. Members participate in events like Give-A-Push Week-

ends, where fraternity members dedicate a weekend to enhancing camps, schools, and other facilities focused on the personal development of those with disabilities and events like the Journey of

Hope, where fraternity members

portray their dedication through a two-month bicycle ride from San Francisco, California to Washington, DC. Through these events the brothers of Pi Kappa Phi and Push America are bringing college campuses, communities and corporations together in support of those with disabilities.

Pi Kappa Phi remains the only fraternity to establish and direct its national philanthropy, Push America.

Through Push America, which enhances the quality of life for people with disabilities, Pi Kappa Phi is the only fraternity to raise over \$12 million for a single philan-

thropy. Push America is another way that Pi Kappa Phi continues to deconstruct the traditional fraternity stereotype. The level of commitment shown to philanthropy is unmatched in the Greek World. The brothers at Lenoir-Rhyne are continually dedicating themselves to do all they can in support of the wonderful cause in Push America. This golf tournament is one way in doing so! Now you have to opportunity in helping as well!
